## **Health and Safety**

All children under 12 must always be accompanied by an adult in the Pit area. Be aware of apparel and hair safety issues while working on your robot. Sandals, open-toed shoes, and Crocs are not allowed in the Pits, fields, or other teamwork areas. Wear relaxed, fun and appropriate clothing; remember, you represent your team and *FIRST*. Body paint in lieu of clothes, bathing suits and other revealing clothes are not appropriate. Face coverings and vaccinations are not required but are recommended. If you are feeling ill, please do not attend the event.

## **Enhanced Security Measures**

As part of our continued commitment to attendee safety, each year we re-evaluate the safety measures we instate at the Championship. This year we will introduce metal detection screening at all event entrances. For any attendee that does alert when going through the detectors, they will then move to a secondary screening line. We expect this process to be similar in entry time as our previous process.

Additionally, we will be using our canine dog teams during team load in for vehicle screening at the loading docks for both *FIRST* Robotics Competition and *FIRST* Tech Challenge.

These enhanced security measures are part of our ongoing commitment to providing a safe and welcoming environment. Please make sure that you read through the prohibited items list and follow the directions of event staff to assist in a quicker entry and thank you for your cooperation in making this event a great experience for everyone!

## **Mascots**

Please keep safety in mind and make sure that mascot and team costumes are safe for the wearer as to vision and movement and are comfortable and cool enough to prevent fainting and dehydration. Mascots are not allowed on the playing field.

## **Medical Incidents**

*FIRST* requires that physical injuries and medical problems, however slight, be documented and reported to the party conducting the event or his or her designee and to *FIRST* Headquarters within 48 hours of the occurrence. Medical incidents can be reported electronically from any Wi-Fi enabled device using the Medical Incident Form on the [FIRST Reporting Portal](#). Pit Admins have tablets that can be utilized to report incidents to *FIRST*.

## **Reporting Youth Protection and Youth Safety Concerns**

The Youth Protection Concern form on the [FIRST Reporting Portal](#) can be used to report concerns related to Youth Protection and Youth Safety that do not involve medical incidents or physical injuries, such as bullying, harassment or inappropriate conduct involving or impacting youth participants. Feedback about issues such as game play, rule changes, awards, and event management (other than medical/safety issues) are considered program related concerns and not youth protection issues and should be shared with *FIRST* via [customerservice@firstinspires.org](mailto:customerservice@firstinspires.org). Please note that match results and award results are final and that we will not review match videos.

## **Safety Glasses**

Safety Glasses are required to be worn by everyone while in the *FIRST* Robotics Competition and *FIRST* Tech Challenge Pit Area. Safety Glasses are available for spectators at major Pit Entrances for these programs, but teams should plan to bring their own.

Due to the wireless nature of *FIRST* control systems, wireless availability will be evaluated during the event. Teams will not be allowed to set up their own wireless networks at the Championship. While we certainly appreciate the positive potential team-created wireless networks could represent, there is a chance such wireless networks could interfere with planned activities during the event.
